

Lead Clean up for Firing Ranges & Reloading

D-Lead® HAND SOAP (4222ES)

Our most popular lead removing skin cleaner for hands and face. Use with water.

D-Lead® WIPE OR RINSE® SKIN CLEANER (4460ES)

Use where water is not available. Ideal for removing lead and black powder residue from the skin.

D-Lead® ABRASIVE HAND SOAP (4229ES)

Heavy duty lead removing skin cleaner with fine round abrasive provides extra cleaning power for tough grime. Use with water.

D-WIPE® TOWELS

No rinse formula cleans and removes lead from skin after shooting, reloading, or gun cleaning. Available in canisters and individually wrapped packages.

D-Lead® SURFACE CLEANER (330PD)

Spray and wipe surface cleaner for lead removal. Available in concentrate, ready-to-use spray bottles, and a convenient pre-moistened wipe.

D-Lead® SURFACE WIPE (PD-T)

No rinse formula cleans and removes lead from surfaces and equipment after shooting, reloading, or gun cleaning. On porous surfaces coverage can be extended by re-wetting using D-Lead® Surface Cleaner (330PD).

D-Lead® ALL PURPOSE CLEANER (3102ES)

Heavy duty, concentrated cleaner for lead removal from surfaces down range. Recommended for cleaning concrete.

D-Lead® TEST KIT

Detects lead on the skin, equipment and other surfaces. Use to check the effectiveness of your lead clean up procedures.

* Not Recommended for Use on Firearms

D-STEP™ MATS

D-Step™ Mats remove up to 98+ % of contaminants from the bottom of shoes. Place outside doors to reduce lead tracked off the firing line.

- Permanent Mat - maintain tack by cleaning with D-Lead® Surface Cleaner or D-Lead® All Purpose Cleaner.
- Disposable Mat - 30 peel-off sheets per mat, sold in packs of 4.
